Music & Lyrics by Riccardo CARESTIA

A weak sickness of some days is enough to let you think of your life in a different attitude you are lost the easy things become difficult the things you were sure go to fuck before you were invincible now you avoid even the elevator so as not to panic you aren't scared of the sickness in itself but it's the reflex in your mind that makes you avoid dangerous situations and it makes your life different suddenly you feel respect for the sick people and you need their forgiveness than you recover and you forget the bad things, yeah! But than you recover from the sickness, and you forget easily the bad things and with it you forget also the good and important feelings that they brought to you.
